Merchants' Team Makes Bow In Sports Program Sunday

Full Day of Contests Is Scheduled at Park By Recreation Department, Stars Are to Appear

King Sports will be in charge in this city next Sunday as he rules over the opening of the Albany Recreation Department's softball league and the debut of the Albany Merchants', locally sponsored baseball nine. Both events are part of the program at University Park during the day.

Fast cricket matches, flashy exhibition tennis and many other features will be shown to sports fans, Superintendent T. L. Farnsworth declares.

The program will start at 10 a. m. with field events between members of the four teams entered in the softball league. Each has entered its two best men in three contests, base-running, throw-for-distance and hitting-for-distance.

The department's softball team will next meet the Laurel Merchants of Alameda. The local outfit is managed by Emmet Devine.

Cricket Teams

Simultaneously, the East Bay Cricket League will put on a display of the sport with two picked teams giving Albany fans a treat. Cliff Thebaud's Sport Shop will battle the Oakland Title Insurance Company in this event.

At noon time the Berkeley Tennis Club will take over the tennis courts to stage several exhibition games. Such net stars as Bobby Harman, Modeste Alloo, Pat Coulthard and Dan Roberts will be seen in action.

At 1 o'clock, more cricket will be offered, this time by stars of the California Cricket Association.

Merchants in Debut

The newly organized Albany Merchants baseball team, jointly managed by Jake Nora and Bert Townsend, will trot onto the field in their spanking new red and white outfits shortly before 2:30 p. m., to warm up for their initial league contest with the Richmond Merchants.

With more than 50 Albany firms behind them, the outfit of Nora and Townsend is expected to show their backers some classy playing in Sunday's tilt. Their adversaries, however, are rated highly in the Tribune League and will put up a stiff game, it is said. Farnsworth and Supervisor Edwin S. Howell have promised to have a trained crew of their assistants on hand to assist in handling the huge crowd which is expected.

Students to Portray Life Of Mexicans

After "living" with the Mayans, the Aztecs who inhabited Mexico before the coming of Cortez, and the Mexicans of the present day, the high sixth social science class of Marin School is planning to culminate the experiences with a colorful Mexican Fiesta on Monday afternoon, May 3.

The work has been carried on with the cooperation of the music English and art departments. In the latter classes the pottery workers have been moulding clay into many different objects and decorating them with Indian and Mexican designs. One group of young artists has made two large murals, one depicting Mexican life in the market place and the other a pastoral scene of rural Mexico. Proud "munchachos" have also been strutting around under huge Mexican sombreros made during the art periods.

Students dramatically inclined will appear in a Mexican play to be given as an entertainment for the student body, the Dads' Club and P.-T. A.

Costumes representative of those worn by the peons as well as by the wealthy Mexicans on festival occasions will enhance the play. These garments are being made by mothers of the children taking part in the program. Many other phases of Mexican geography and history have been studied in the social science class in connection with this program, such as great personalities of Mexico, quaint customs of the Aztecs, and Mexican food, shelter, amusements and festivals.

Ill Dog Bites Four Persons

Four persons including two small girls, were bitten Tuesday afternoon when a sick toy fox terrier puppy belonging to A. Dunn of 907 Pierce Street ran amuck near its owner's home.

Virginia Lee, 4, daughter of Mr. and Mrs. H. W. Handloff of 905 Pierce Street, received lacerations of the hand, as did her playmate, Betty Jane Hill, 4½, of 910 Fillmore Street. Mrs. John Cambra, 911 Pierce Street, was bitten on the wrist when she attempted to drive the small animal away from the children. Bill Hill, brother of Betty, was nipped on the finger as he tried to aid Mrs. Cambra.

All were treated at Humboldt Hospital and released. The dog is now in the custody of Poundmaster A. P. Peters and will be held for the customary 10-day observation period, he said.

Death Takes A. Whitcome

Last rites were held here yesterday afternoon from the funeral home of the James J. Ellis Company for Allen Edgar Whitcome, who died in Albany Tuesday evening. He was 47 years of age and a native of Northwood, Iowa.

Mr. Whitcome is survived by his widow, Lelia Whitcome of 1335 Washington Avenue; his parents, Mr. and Mrs. William Whitcome of 610 Cornell Avenue; and a brother, Loran Whitcome of the latter address.

The deceased had been an employee of the California Packing Corporation for the past 10 years. Six fellow workers acted as pall bearers at the service.

Mr. Whitcome had recently joined Albany Tent of the Macabees. The funeral services were conducted by Rev. Herbert Brooke of the Albany Community M. E. Church. Entombment was at Sunset Mausoleum.

Funeral Held For G. E. Brown

Funeral services were held in Berkeley Tuesday for George E. Brown, a resident for the past three and one-half years at 811 Jackson Street who passed away Saturday after an illness of several weeks.

Mr. Brown is survived by his widow, Catherine Brown, one daughter, Mrs. Mildred Bock of Albany, and two sons, Lloyd Albright of this city and Fred Albright of Oakland. Three brothers and two sisters also survive him. They are Grover C. Brown of Oakland, William R. Brown, J. F. Slusser, Mrs. Emma Joyce and Mrs. Carrie Kelly of Indiana.

Born in Logansport, Indiana, Mr. Brown was 49 years of age and had lived in California for 26 years. Funeral services were conducted under the auspices of California Aerie No. 1423, F. O. E., with interment at Mountain View Cemetery.

During last week-end Donald W. Davenport of the State Division of Motor Vehicles was a visitor at the home of Mr. and Mrs. Herbert Johnson of this city. While visiting the official held several unofficial conversations with Dr. Jane Paxson about the city's newly-formed Traffic Safety Council of which she is a member.

HIGH SCHOOL THESPIANS

These members of the cast of "The Booking Office," gay farce presented next Friday evening by the students of Albany High School are shown as they will appear at that time. Left to right: June Marshall, as Tootsie Toy; Richard Kuhlman, as Colonel Boomba; Jim Gerlack and Bill O'Leary, as clowns; George Rutan, Jr., as Dodo; Wilfred Senior, as Hercules; on his shoulder is Joan Sutton, who plays Fay Carroll; and Ruth Lewis, as Miss Pingpong. The offering is the joint effort of Armin Wegner and Edward Willis of the faculty.

Scouts Plan Camporette

A Camporette, a Camporee, and a Camporall are the three big affairs being eagerly anticipated by Albany Boy Scouts and their troop leaders.

While at first glance these may look practically the same, there is a vast difference between them, according to W. R. McGeorge, district commissioner, who explained that a Camporette will be participated in by the four Albany troops only, and that while the activities of the Scouts will be checked and judged, it will be solely in order to observe the weaknesses in order to correct them for the Camporee.

At the second event, however, both Albany and Berkeley Boy Scouts will compete and be judged for points. Those receiving the most will be eligible to compete in the Camporall in which all troops of California will compete.

Event in May

The local event is scheduled for Saturday and Sunday, May 1 and 2, at University park. The Scouts will pack in and be left to their own resources in carrying on the routine of camp life. It will afford parents the opportunity of observing at first hand the value of Boy Scout training, as well as awakening interest among boys who do not belong to the organization.

One of the outstanding features will be held on Saturday night, when the boys gather around a campfire for skits and community singing.

Saturday afternoon will be devoted to competitive Boy Scout activities. During the two days the city of Albany has graciously consented to suspend all other activities in the park and turn it over to the Camporette exclusively.

Minstrel Show Of Auxiliary Is Set for Tonight

For the huge cast which has been steadily rehearsing for the past two months, tonight is the Big Night!

At the Veterans Memorial Building, at 8 o'clock, the smooth result of this work will be unfolded as the Novelty Plantation Minstrel Show of the American Legion Auxiliary is given, says Mrs. Josephine Foley, president of the group.

The presentation is being directed by Mrs. Mabel Ryken and is under the management of Mrs. Elmae Saunders.

Southern folk songs, dances and novelty numbers make the offering well worthwhile, all who have witnessed rehearsals declare.

Mr. and Mrs. Angelo Binsacca of Soledad were week-end visitors at the home of Mr. and Mrs. Jack O'Leary.

Bank Will Aid Home Owners in "Fix-Up" Weeks

Offering full cooperation in the "Clean-up, Fix-up" Campaign which starts here next Sunday, the Albany Branch of the Mechanics Bank through its manager, Jack Varni, has announced that loans for home improvements are now available.

"These are similar to the FHA Loans," Varni explained, and may be obtained for like purposes by property owners, thus affording a convenient method of obtaining money to take care of any alterations, painting or other modernization which may be needed at this time."

The bank's announcement at this time is another example of the cooperation which has always been offered in civic campaigns and enterprises, Varni declared.

Full details of the loans may be secured from him at the bank which is located at Solano and San Pablo Avenues.

Acacia Club Fetes Ladies

An enjoyable "Ladies Night" program was given last night by the Acacia Club of this city under the direction of President Carl Nieper.

Featured on the program were dance numbers by Dorothyanna Nieper, recitations by Ruth Griffing, and other interesting presentations. A severe cold was responsible for the absence of Morris Chernow who was to have sung several Russian songs, accompanied by his daughter, Florence.

This marked the last meeting at which Nieper will preside, the newly elected officers taking their seats at the May 8 meeting.

Pastor Appeals for Aid To Wind Up "Stream" Drive

"Due to the many sacrifices of our friends," related Rev. Herbert Brooke of the Community M. E. Church, "The 'Silver Stream' Campaign is now only about \$700 short of its goal. This will be good news to our friends throughout the community."

Of this amount, he disclosed that \$4,350 had been contributed by friends outside of Albany.

The deadline in the drive to eliminate the debt of the local church is nearing, it was pointed out that the entire sum of \$7000 must be pledged before May 15. If the total is not reached at that time none of the money may be collected, according to the pledges.

Pair to Wed Here Sunday

A romance which began in Missouri when the couple attended the same school, will culminate at the altar of the Albany Baptist Church Sunday night for Miss Martha Albertus Riddle of Oakland and Robert E. Younce of this city.

The ceremony is to be performed by Rev. W. Floyd Alexander at the conclusion of the evening service.

Miss Riddle is the daughter of Mr. and Mrs. W. H. Riddle of 171 Grand Avenue who moved to that city four months ago.

Mrs. Sartain will be assisted by her committee members, Mrs. Elsie Hartford, Mrs. Una Roderick and Mrs. Thelia Batchelder.

"It's a Boy" . . . Papa Townsend Passes Cigars

With a beaming face and fists-full of cigars for his friends, Bert Townsend told the world Wednesday afternoon that it was a boy that Mr. Stork had brought to his wife in Providence Hospital, Oakland, just a couple of hours earlier.

Master Henry Louis Townsend, a husky youngster "weighing in" at eight pounds, was the cause of the chesty attitude of the proud father. His arrival in Oakland was officially clocked at 11:30 a. m. Both mother and child are now doing nicely, it is reported.

Master Henry's safe advent was also greeted with great joy by Mr. and Mrs. Louis Accornero of 703 Adams Street, parents of the mother, as he is their first grandchild. A similar feeling was exhibited by Don Accornero, proprietor of Don's Market, who is now an uncle. A sister, Miss Virginia Accornero, an instructor in the public schools of San Luis Obispo, is expected to arrive Sunday to see the baby.

"We'll have to wait and see about that," said Townsend, when asked if the heir of the family would become a ball player. The father is the co-manager of the Albany Merchants' team.

Mr. and Mrs. Townsend live at 819 Talbot Avenue.

A delightful program of folk songs and dances was given by the kindergarten class, under the direction of Miss Erna C. Seeger, with Miss Ebba C. Johnson at the piano, after which Allen Keim, principal of the school, spoke briefly about the school curriculum.

Miss Erna C. Seeger, kindergarten teacher, read a legislative report in connection with kindergartens, which proposes state supply for kindergarten school to the extent of \$60.00 per child in average daily attendance. The association went on record as being in unanimous approval of the measure.

Hears Reports

Reports were heard from Mrs. W. R. Brunk, Mrs. E. L. Stine, delegates to council, and Mrs. Edwin Litsinger, cafeteria chairman. Miss Phyllis Bruce, historian, read an interesting account of the activities of the association over the past year.

Mrs. E. R. Hill, a loyal and active member of the association, who is moving from the district, was presented with a membership pin by the president, Mrs. Axel Severine. Mrs. Severine was herself the recipient of a beautiful gift from the association as a gesture of appreciation of her inspiring leadership.

Corsages were also presented to Mrs. Bernard Hemp, installing officer, and Mrs. J. Harry Baker, newly elected president of the Berkeley Council, who was an honored guest.

"The Aims and Achievements of the Motion Picture Council," was the subject of an address delivered by Mrs. L. McCoy at the last regular meeting of the Albany High School P.-T. A.

CLEAN-UP PLANT-UP PAINT-UP FIX-UP

PROCLAMATION

I HEREBY PROCLAIM the days of April 25th to May 9th, 1937, as the time for a Clean-up, Plant-up and Fix-up Campaign.

Few activities offer such wide opportunities for the effective practice of citizenship, home pride and contentment. The main benefits of the campaign may be summed up in a single phrase, "unselfish service of the citizen, whether student or adult, to the community." They do civic planning and carry out civic acts for the community without expectation of personal benefit. This is the essence of citizenship and a wholesome city.

I therefore urge each and every citizen in our city to do everything within his power and means to make this campaign a real Clean-up, Paint-up, Fix-up Campaign.

The cooperation of every man, woman and child in the city in this event will be appreciated.

O. C. YENNE,
Mayor of the City of Albany

CLEAN-UP your homes and yards to do your share in this campaign to add to the sightliness of the "City of Homes." That debris and rubbish which has been allowed to pile up during the winter, the odd and broken articles which have passed their days of usefulness and which you, like other normal persons, have allowed to accumulate; now is the time to get rid of it, thereby not only eliminating the useless material but actually ridding yourselves of possible hazards.

PAINT-UP your home and place of business. The wise use of a few dollars' worth of paint and labor in many instances will save several times that outlay in the future. A home or building that is kept painted not only keeps its trim appearance but is actually worth more to you and to the surrounding community.

PLANT-UP your yards and gardens with the huge variety of plants, bushes and shrubbery that is on hand at the many florists and nurseries in this district. Put in that new lawn NOW and improve the appearance of your home by several hundred per cent.

FIX-UP those many things which you have noticed lately: the front or back steps, the windows which need attention, the roof, the drains, the plumbing, the porches and the numerous other places that it has been your intention to take care of as soon as you "got around" to it. Stores and craftsmen are inviting you to bring your troubles to them for solution at this time.

Grand Opening of Sport Center on Saturday Evening

Every large city has its "sport center" where men and women interested in the sporting events of the day, gather, voice their opinions, and learn the details of the latest sporting events.

Charlie Tye, the general proprietor of the leading sport center of the East Bay, will hold his official grand re-opening tomorrow night at the same old address—16th and San Pablo, Oakland. He has redecorated and remodeled his place into one of the finest places of its kind in the Bay district.

Chick Hood's Melodiers will be on hand to furnish entertainment and dance music. This famous group of entertainers remembered by many, recently with KYA, have just returned from a five year World Tour and will present many features new to the Bay district.

Here, you will be able to dine with satisfying foods, drink stimulating wine or liquors or, on the mezzanine floor, dance to the music of these superb music makers, that will set your blood tingling.

Charlie Tye, is not only well known to all sport lovers of Albany but is known to thousands throughout the East Bay, for his genial personality, knowledge of sporting events and desire to see that every one leaves his place feeling they have spent a happy never to be forgotten time.

Parrish Company Equipped for All Kinds of Hauling

Modern hauling and trucking business requires a wide technical knowledge and a large investment in diversified machinery and equipment. The W. H. Parrish Company, has mastered this business to its finest detail. They have studied our community's needs and wherever they found a service lacking, they have filled that gap. Their vast equipment includes large and small trucks, tankers, flat beds, vans, trailers, in fact any kind of truck completely equipped with the auxiliary machinery necessary for the most modern and economical handling of any type of freight.

If you have any hauling problems you wish solved, phone Olympic 9200 or drop in at 1129 32nd Street and you will receive the sound advice of experience.

The Parrish Company is one of the solid, well established firms of the East Bay who always remain progressive. Its employees' payroll, coupled with the foresight and vision of the management, has materially aided in building the prosperity of the entire East Bay district.

Delivery Service Much Improved Over Days of Old

The delivery problems of the retail merchants of a large metropolitan city were expensive and vexing problems at the time when each establishment attempted to give individual service to its patrons. The modern merchant recognized the great waste this system incurred and, when a comparatively few years ago, the Delivery Service Company came into existence, it was immediately recognized as a meritable solution.

Like any innovation in business methods that increase the service at a saving in cost, the Delivery Service Co., prospered and grew rapidly. Through wise and efficient management it is now the principal retail delivery system of the East Bay cities and has saved the merchants and buying public literally thousands of dollars in unnecessary delivery expense while still giving the public more prompt, complete service than the old methods could offer.

Its deliverymen are all well-trained, courteous employees, while the equipment is of the finest and is kept immaculately clean and modern.

Any East Bay merchant desiring this supreme delivery service should phone Olympic 5027 or drop in at 200 40th Street for particulars.

Dr. L. A. Stuck Is Able Physician

The medical profession is credited, and justly so, as being one of the greatest factors in the advancement of civilization. No other science has progressed so rapidly, considering the unlimited amount of experimental and research work that has been required. No mention of prominent community leaders would be complete without a review of the accomplishments of Dr. Lewis A. Stuck, with offices in the Latham Square Building.

Dr. Stuck is a man of wide experience and is recognized throughout the entire Bay district as an authority on ear, nose and throat diseases, as well as being highly proficient in his large general practice. He has been practicing in Oakland for many years and his thousands of patients and friends vouch for his ability as a doctor and his community usefulness as a man. He possesses that inborn characteristic, so important to one administering to ailing people, of combining his scientific skill and technical knowledge, with sympathy and understanding of human kind that creates confidence and commands respect. He, naturally, has achieved the prominence that accompanies any man whose achievements are above average in his field of endeavor.

We of the East Bay are fortunate in having a physician and specialist of the type and calibre of Dr. Stuck among us.

Mrs. Frank Roberts, Jr., of 925 Key Route Boulevard recently left Humboldt Hospital after a brief illness and is now recuperating at the home of relatives in Walnut Creek.

Sensational expansion and removal sales are now in progress at each one of these stores and home owners are given many opportunities to purchase paint and wall papers at tremendous savings.

Pacific Manifold Book Co.
Valuable East Bay Institution

The payrolls of its industries are the life stream of any community. The Pacific Manifold Book Company, Inc., under the able management of Jay M. Butler, has been of inestimable value to the East Bay, for while in the business of manufacturing sales books, continuous form stationery and Wix registers, the constant payrolls of this fine plant have contributed thousands of dollars monthly to the business life of our community.

You will usually find that when any institution's business increases year after year that that company is so efficiently managed that its products and services are a little superior and more economical than those offered by its competitors. The Pacific Manifold Book Co., holds true to form in this respect. Its established policies of fairness, the best in manufac-

tured products, a reasonable profit based on large volume sales, all coupled with courteous efficient service, accounts for their steady growth.

While the position as manager of the Pacific Manifold Book Co., keeps Mr. Butler constantly occupied, there is never a time when he or his firm is found wanting when some civic or community enterprise needs his time or financial support.

This company has been an important factor in establishing Greater Oakland as one of the important distributing centers of the Pacific Coast and business men of our district should remember that when you purchase a locally manufactured product, you are aiding your own prosperity by building the payroll of an East Bay institution.
